

A VIGIL FOR CLIMATE JUSTICE & COMMUNITY JUSTICE

**LET'S STOP THE SPECTRA AIM project & CPV POWER PLANT,
CLOSE INDIAN POINT and move forward with**

THE 2030 PLAN for a fossil-fuel free New York

SUNDAY 7/10/2016 at 6:30pm

4 Bittersweet Ln. Mount Kisco, NY 10549

**WE GATHER AGAIN IN PRAYER TO SUPPORT GOV. CUOMO
ON HIS JOURNEY TO FIND THE COURAGE TO HALT THE HARM TO PEOPLE AND THE PLANET**

This is a peaceful event, bring a favorite poem or prayer, your musical instrument, a song to share,
an appropriate message/sign or... just yourself and your best intentions!

We'll start gathering at 6:15pm at the parking lot of the Presbyterian Church of Mount Kisco and respectfully
process to 4 Bittersweet Ln. for the vigil at 6:30pm – Rain or Shine –

**186...“If objective information suggests that serious and irreversible damage may result,
a project should be halted or modified, even in the absence of indisputable proof...”**

**187. This does not mean being opposed to any technological innovations which can bring
about an improvement in the quality of life. But it does mean that profit cannot be the sole
criterion to be taken into account, and that, when significant new information comes to light,
a reassessment should be made, with the involvement of all interested parties. The outcome
may be a decision not to proceed with a given project, to modify it or to consider alternative proposals.”**
